

A visualization of the spatial distribution of the variable var_1 across the spatial domain. The domain is represented by a hexagonal grid. The x-axis ranges from -1000 to 1000, and the y-axis ranges from -1000 to 1000. The grid is composed of yellow hexagons, each labeled with the value 100%, indicating that the variable var_1 is constant across the entire spatial domain.
